REMARKS

Patentees respectfully request issuance of a Certificate of Correction to address mistakes in printing combined with mistakes of minor character appearing in claim 1 of U.S. Patent No. 7,084,135. Patentees submit that the errors do not involve any change in U.S. Patent No. 7,084,135 which would constitute new matter and would not involve reexamination.

As issued, claim 1, beginning at column 64, about lines 62-63, reads:

"R<sup>6</sup> is, independently for each occurrence, H;

R<sup>7</sup> is, independently for each occurrence, H, =O or =S;"

Patentees submit that claim 1, as allowed would have read:

"R<sup>6</sup> is, independently for each occurrence, H or an substituted with X<sup>1</sup>, X<sup>2</sup>, and X<sup>3</sup>;

R<sup>7</sup> is, independently for each occurrence, H, =O or =S, or an substituted with X<sup>1</sup>, X<sup>2</sup>, and X<sup>3</sup>;"

Patentees submit that claim 1, as allowed and then corrected for grammar should have read:

"R<sup>6</sup> is, independently for each occurrence, H or substituted with X<sup>1</sup>, X<sup>2</sup>, and X<sup>3</sup>;

R<sup>7</sup> is, independently for each occurrence, H, =O or =S, or substituted with X<sup>1</sup>, X<sup>2</sup>, and X<sup>3</sup>;"

Had claim 1 issued as allowed, the claim would have been grammatically incorrect. Thus, this Certificate of Correction is filed in an attempt to 1) rectify the printing error which omitted the possibility of substituting X<sup>1</sup>, X<sup>2</sup>, and X<sup>3</sup> for R<sup>6</sup> or R<sup>7</sup> but would have been grammatically incorrect had it issued in it's allowed form and 2) to rectify the grammatical errors in claim 1 as allowed but not published.

Patentees respectfully request entry of this Certificate of Correction to address this minor error in the claims.

Respectfully submitted,
